

Exhibit 2 to the Complaint

**U.S. Patent No. US 8,799,083 v. Delivery.Com, LLC  
Exemplary Claim 1.**

## Exhibit 2 to the Complaint

**1. Claim Chart**

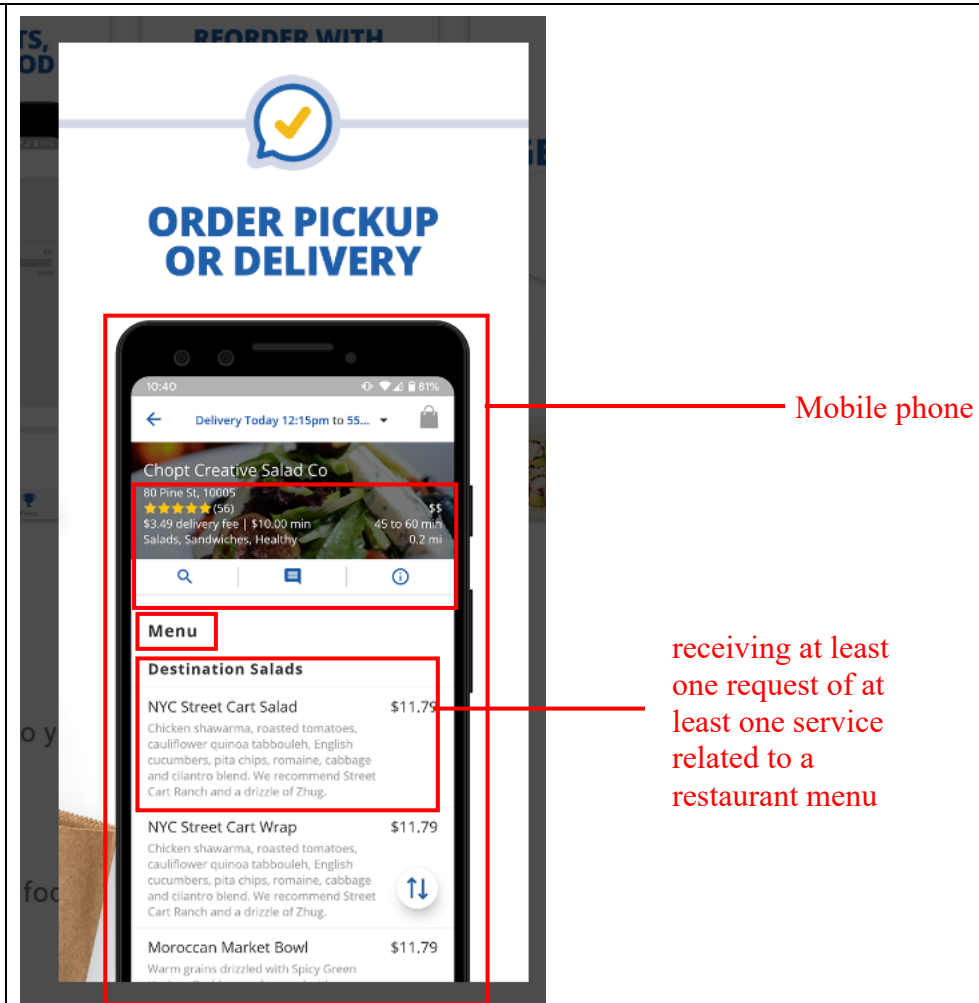

Claim	Analysis
<p>[1.P] A method, comprising: receiving at least one request of at least one service related to a restaurant menu from a mobile phone;</p>	<p>Delivery.Com (“Company”) performs and/or induces others to perform a method comprising: receiving at least one request of at least one service related to a restaurant menu from a mobile phone.</p> <p>This element is infringed literally, or in the alternative, under the doctrine of equivalents.</p> <p>For example, Company provides a Delivery application that is installed on devices such as smartphones, and tablets (“mobile phone”). Further, the application allows users to perform functionalities such as finding nearby restaurant locations and viewing menus. Additionally, the application allows users to order a meal from the restaurant menu displayed within the application ("receiving at least one request of at least one service related to a restaurant menu").</p>  <p>Screenshots <u>iPad</u> iPhone</p> <p>Source: <a href="https://apps.apple.com/us/app/delivery-com-food-liquor-app/id435168129">https://apps.apple.com/us/app/delivery-com-food-liquor-app/id435168129</a></p>

Further, to the extent this element is performed at least in part by Defendant's software source code, Plaintiff shall supplement these contentions pursuant to production of such source code by the Company.

Exhibit 2 to the Complaint

<p>[1.1] uploading, by a system of a restaurant, a bill for the at least one service to the mobile phone; and</p>	<p>Company performs and/or induces others to perform a step of uploading, by a system of a restaurant, a bill for the at least one service to the mobile phone.</p> <p>This element is infringed literally, or in the alternative, under the doctrine of equivalents.</p> <p>For example, after the selection of the food items is made to place an order, a bill is generated (“uploading”) for the ordered meal (“a bill for the at least one service”) in the Delivery application (“a system of a restaurant”) installed on the user’s smartphone (“the mobile phone”).</p>
